

DE-COMP COMPOSITES, INC.

D7000 DB

PTFE DOUBLE BONDABLE RELEASE FILM

D7000 DB is a unique heat bondable PTFE, multi-layer cast film. It is an excellent film for bonding rubber and composite materials. It can also be used as a barrier film.

Due to the fact that the film is cast, thickness control is better than extruded films plus there are no pin holes.

PROPERTIES

Elongation (%)	600
Melt Point	615°F/324°C
Thickness (inches)	0.001
Standard Roll Size	48" x 500'
Color	Clear
